San Diego OASIS Programs

Saturday, March 24, 1:00 – 3:00 PM

Historical Novels: A Great History Lesson (a San Diego OASIS

Program). What can you learn about history from historical novels? Blaine Davies leads a discussion of U.S. historical novels and how they can help us better understand what it was like to have experienced the dramatic events in our country's history first hand. History is more interesting and relevant when one views it from a "present" perspective like the people that were actually there and did not yet know the outcome of the events that shaped our country.

(OASIS is a unique educational program for adults 50+ who want to continue to learn and be productive throughout life. Membership is free and open to anyone 50 or older)
